

Professional and Financial Risks Claims

Introducing our England and Wales Panel Solicitors

Our highly experienced Professional and Financial Risks (ProFin) in-house claims team handles most claims without the need to instruct external solicitors. However, from time to time the appointment of an external Solicitor is required for cases in England and Wales.

We have selected industry leading firms which provide national coverage with offices in London, Birmingham, Bristol, Leeds, Manchester, Newcastle, Newport, Sheffield, Southampton and Taunton and with international capability. By working together, we utilise the combined knowledge, skills and expertise to provide the best possible resolution whether by way of defence, negotiation or settlement.

You can count on:

- Recognised leaders in all Professional Indemnity occupations and Financial Risk classes
- Robust service agreements to maximise performance and client satisfaction
- National and international coverage - with associate firms worldwide
- Exceptional rates fixed until 2022
- Enhanced capability through membership of professional, industries and regulatory bodies.

Our Panel Firms:

BEALE&CO

Top ranked firm in Chambers UK 2021 and leading firm in Legal 500 2021 for Professional Negligence.

"The firm provides a commercially sound service to its clients, represents their interests exceptionally well and is committed to ensuring that they achieve the best possible results."
